

CHAT 17 May 2011

uStreamed 1PM - 2PM Denver Time

sorry folks my flight is delayed and I'll be 30,000 feet in the sky without wi-fi.  
how primitive, no?

Please enjoy the video archive, chat log and show notes.

NikkiPugh: helloooo!

8:08 aniomagic: yeah

8:08 aniomagic: heh he

8:08 PolymathShannon: ustream's sad face looks particularly bereft

8:09 NikkiPugh: So, how is everyone?

8:10 quasiben: good good. I've been reading aniomagic's thesis.

8:10 lbruning-1: hang in there I am really on my way back from cyber space

8:10 aniomagic: nothing's working, everything's broken, it's cloudy.

Otherwise it's great :-)

8:10 PolymathShannon: Busy getting ready for maker faire... well, right now busy with a cold pizza lunch, but you know...

8:11 aniomagic: quasiben: oh yeah... pretty clear on the protocol? This was 5-6 years ago mind you :-/

8:11 lbruning-1: bending uStream to my desire

8:11 NikkiPugh: what was your thesis on aniomagic?

8:12 NikkiPugh: hello!

8:12 PolymathShannon: yes, video & sound

8:12 lbruning-1: i think we are all back together?

8:12 quasiben: I'm doing my best aniomagic. I'm trying to incorporate the two-bus into a project I am working on

8:12 aniomagic: the MS was on "SmartTiles" - programmable tiles for making dynamic murals

8:12 aniomagic: the Phd was essentially an expansion of the idea (and Schemer)

8:16 lbruning-1: <http://lbruning.com>

8:16 NikkiPugh: We need the linkmeister clothbot :)

8:17 Quilavaflame: Woot! Lounge from school!

8:19 NikkiPugh: working on it!

8:20 PolymathShannon: Yeah, I was hoping to talk to them this weekend about the Vancouver show

8:25 Quilavaflame: Gotta go class gonna start, nice seein you for a bit

8:29 PolymathShannon: Angela - <http://makerfaire.com/pub/e/5515>

8:30 PolymathShannon: Meredith Scheff - StarBoards on the Make:Live Stage at Maker Faire: <http://makerfaire.com/pub/e/5234>

8:30 PolymathShannon: Sunday at 11:30

8:32 PolymathShannon: Josh Billions - <http://makerfaire.com/pub/e/6141>

8:32 PolymathShannon: no problem :-)

8:34 NikkiPugh: Have you seen the airbag-style bonnet for just in case you get hit by a car?

8:38 PolymathShannon: electricfoxy - modwells  
<http://www.electricfoxy.com/2011/01/modwells-personal-modules-for-wellness/>

8:39 PolymathShannon: oh, I thought it was a posture aid

8:40 NikkiPugh: hopefully!

8:40 PolymathShannon: bike helmet:  
<http://www.ecouterre.com/inflatable-airbag-collar-protects-helmet-free-cyclists-from-broken-skulls/>

8:43 NikkiPugh: :)

8:43 NikkiPugh: They're right here

8:43 NikkiPugh: \*waves bat gloves around\*

8:43 NikkiPugh: [http://npugh.co.uk/blog/bat\\_gloves\\_in\\_progress/](http://npugh.co.uk/blog/bat_gloves_in_progress/)

8:45 NikkiPugh: I met these guys in Manchester on Saturday:  
<http://sampler-cultureclash.blogspot.com/>

8:46 RaineH: \*waves\*

8:46 NikkiPugh: Sounded like they might be doing interesting things

8:47 NikkiPugh: We made paper switches for a hacked stylophone  
[http://www.flickr.com/photos/nikki\\_pugh/5720128788/in/set-72157626595512401](http://www.flickr.com/photos/nikki_pugh/5720128788/in/set-72157626595512401)

8:47 PolymathShannon: After? We should be telling people about it there!

8:47 NikkiPugh: Is that you @rainycat?

8:47 RaineH: Hi, I'm Rain / rainycat from the UK :-)

8:47 RaineH: ..lost my ustream login so had to register again!

8:47 RaineH: i'm well thanks

8:48 RaineH: <http://rainycatz.wordpress.com>

8:48 NikkiPugh: @raineH what were you doing with the ir leds a while ago?

8:49 RaineH: I'm working on some prototypes for sensing wearables

8:49 RaineH: I'm hacking Eric's Heart Spart atm :-)

8:49 RaineH: sorry Heart Spark

8:50 NikkiPugh: Sounds interesting!

8:50 RaineH: tis fun, need a step up for power

8:50 NikkiPugh: have a good flight, lynne

8:51 PolymathShannon: See you in SF, Lynne!

8:51 quasiben: Have fun in SF

8:51 RaineH: bye!

8:51 NikkiPugh: bye
